Standards Compliance
malleable iron pipe fittings conform to BS 143 & 1256 and ISO 49. They incorporate taper internal and taper external pipe threads conforming to BS 21 and ISO 7 for pressure tight joints.

Products are Kitemarked as appropriate.

Fitting Material

M Malleable iron **R** Rolled steel, chromium plated
Certain small sizes of malleable iron fittings may be supplied in mild steel.

All malleable iron and mild steel fittings are available with galvanised finish. Add suffix 'G' to Catalogue No.
